CONFRONTED BY ACCUSED

Abbatemaggio Recites Story of Murder

OF CAMORRIST VICTIM

Testimony Is Supported—Brother of Alleged Murderer Is Ejected from the Court for Interruptions.

Viterbo, Italy, May 6.—Mariana de Gennaro, who, it is alleged, was the first to attack Gennaro Cuccolo, stabbing him with a dagger, was given a chance yesterday to confront his accuser, Gennaro Abbatemaggio.

In accordance with the criminal procedure of Italy, the alleged principals in the murder of Cuccolo and his wife having been separately interrogated are now in turn, being given an opportunity to stand face to face with the informer in open court and to verbally defend themselves.

As the accuser and accused stood before the judge's bench yesterday, Abbatemaggio recited what he affirms was the part played by De Gennaro in the tragedy at Torre del Greco on the evening of June 5, 1906. He said in substance:

"De Gennaro was armed with a dagger and also carried in a pocket a kitchen knife which had been taken from the Cuccolo home. This knife was later placed in the right hand of the dead man to give the impression that Cuccolo had been slain in a duel.

When the assassins, accompanied by the unsuspecting Cuccolo, reached the spot selected for the murder, De Gennaro drew his dagger and stabbed the victim. Cuccolo wounded Corrado Sortino on the hand with a penknife, but he was soon overpowered. Nicola Morra also stabbed him and Antonio Cerato struck him over the head with his cane. When Cuccolo ceased to breathe De Gennaro placed the kitchen knife in his hand while others took a ring from his finger and from a pocket a latch key to his apartments.

"De Gennaro then went to the inn of Mimi A. Mare to report the success of their mission to Enrico Alfano, while the others proceeded to the Cuccolo home and murdered Maria Cuccolo." Abbatemaggio's confession has been

Doctors Said He Would Die.

A Friend's Advice Saves Life.

I wish to speak of the wonderful cure that I have received from your noted Swamp-Root, the great kidney and bladder cure. Last summer I was back and sides with severe pains in my back and sides. I could not breathe without difficulty and was nearly wild with the desire to urinate. Was compelled to do so every ten minutes with passage of pure blood with the urine. I tried all the different doctors from far and near, but they said it was no use to doctor as I would die anyway. I was at the end of my rope and was so miserable with pain and the thought that I must die that words cannot tell how I felt. One day a friend told me of the wonderful help she had received from Dr. Kilmer's Swamp-Root. She gave me one of your pamphlets which I read and determined to try Swamp-Root. After taking half a bottle I felt better. Have now taken ten bottles and am well as I ever was, thanks to Swamp-Root. I wish to tell all suffering people that have kidney, liver or bladder trouble, that Dr. Kilmer's Swamp-Root is the best medicine on the market.

All persons doubting this statement can write to me and I will answer them directly.

Yours very truly,
CLYDE F. CAMERON.

VICTORY FOR VERMONT

Favored in the Boston Railroad Conference.

WILL BE NO EXTRA SESSION

Brattleboro Will Get the Line It Wants
—B. & M. Will Not Build on the New Hampshire Side of the River.

Boston, May 6.—There was a conference at the North station yesterday morning which virtually settled the controversy between the New Haven and the Grand Trunk railroads over trackage rights in Vermont. It was agreed that Governor Mead of Vermont, who asked for the conference, should issue the official statement of the results, and this is the statement that he gave out for publication:

"The conference resulted in opening negotiations between the officials of the two roads looking to an adjustment, both at Brattleboro and Belows Falls. There is a prospect that the roads will agree to a solution which will result in the new railroad being built in Vermont. The matter is now in the hands of Mr. Mellen and Mr. Fitzhugh, who will continue the negotiations at a conference on next Thursday."

The Central Vermont railroad, which is controlled by the Grand Trunk, operates lines between Brattleboro and Vernon, Vt., on the Vermont side of the Connecticut river. For some time past the New Haven system has been using these tracks through traffic arrangements but recently decided to construct a line of its own.

The New Haven secured permission from the New Hampshire legislature to build the missing link on the New Hampshire side of the Connecticut river, which resulted in a protest from the citizens of Brattleboro being placed before Governor Mead. The governor thereupon made arrangements for yesterday's conference.

Among those who were present were Governor Mead, Lieutenant Governor Slack, Harvey Kingsley, the governor's private secretary, E. H. Fitzhugh, vice-president of the Grand Trunk, C. S. Mellen and T. E. Byrnes, president and vice-president respectively of the New Haven, and G. C. Jones, general manager of the Central Vermont.

Another party has interests in the situation and will be considered at the conference next Thursday. All but one of the details were agreed upon in a plan that will enable the Boston & Maine to build on the Vermont side of the Connecticut river in Brattleboro, instead of the New Hampshire side, Governor Mead is confident that this will be settled next Thursday, and there will be no need of calling a special session of the legislature of Vermont. The Grand Trunk is now going on with its railroad improvements in Brattleboro, abolishing crossings in accordance with plans sanctioned by the city and ordered by the public service commission.

In the conference there was no talk about the movement to induce the Grand Trunk to come to Boston. Outside of the conference, Vice President Fitzhugh was asked about this by several persons, but he did not commit himself beyond saying that the Grand Trunk is appreciative of the expression of public opinion. He said that he understood that the question had gone to the board of directors. "We hope," he said, "within a few months to begin actual construction of the Southern New England railroad between Palmer and Providence. We will also spend this summer, some \$8,000,000 or \$9,000,000 in double-tracking around Toronto. No other New England construction, except such as has been planned by the Grand Trunk system this summer."

BANGOR'S LOSS IS OFFICIALLY \$3,000,000

State Insurance Commissioner Beecher Putnam Visits the Stricken City.

Bangor, Me., May 6.—State Insurance Commissioner Beecher Putnam of Houlton, who is here investigating the great fire that his department has estimated Bangor's loss at \$3,000,000 or less. The insurance he figured is approximately \$1,500,000.

The work of relieving the fire sufferers is going on satisfactorily and much of the suffering is already attended to. Over \$42,000 has been subscribed to the relief fund.

The committee on public safety that was in session yesterday unanimously voted that the following message be sent the several railroad companies: "The citizens of Bangor, through its committee on public safety, respectfully request that no excursion trains be run to this city and that no reduced fares be made on regular trains."

The message was sent by Mayor Mul-

Dandruff Means Baldness

Dandruff is caused by a germ—a vicious, persistent, tenacious germ—that up to the discovery of one of the world's greatest scientists, was supposed to be unkillable. That discovery is called Parisian Sage, and B. H. Wells, the druggist, guarantees it to kill dandruff germs, to remove all traces of dandruff to stop falling hair or itching scalp in two weeks, or money back.

It contains just enough of sage properly combined with other ingredients to make any woman's or man's hair grow luxuriantly. It makes everybody's hair, lustreless hair change to soft, lustrous, and beautiful hair. 50 cents a large bottle at B. H. Wells, try it.

PROPHETIC TEXT OF A STRICKEN MINISTER

"I Fell at His Feet as Dead," He Announces, Then Collapses in the Pulpit.

Montreal, May 6.—"When I saw him I fell at his feet as dead," (Revelations 1, 17) was the text on which Rev. Andrew Mowatt was about to preach a sermon on "A Vision of Christ" at the Erskine Presbyterian church recently, when he was fatally stricken with heart failure.

The choir was singing the hymn just preceding the sermon, when members of the congregation noticed that their pastor was in distress. Several helped to carry him to the vestry, where he passed away without regaining consciousness.

Mr. Mowatt was seventy-two years old, and, on account of his ill health, had handed in his resignation two months ago, but agreed to continue in the pastorate, pending the appointment of a successor.

ACCUSED PERSONS FREE.

False Evidence Introduced Against Those Charged with Robbery.

Great Barrington, Mass., May 6.—False evidence brought about the discharge in district court yesterday of Tony Smet, Fred Laforce and Mr. and Mrs. Frederick Soule, all charged with being directly or indirectly involved in robbing \$15,000 from the paymaster of the Worcester Construction company last November. The evidence upon which the warrants were granted last week came from Laforce, who said he assisted in the holdup and desired to turn state's evidence. At the hearing yesterday, it was shown that Laforce was serving sentence at the time of the robbery.

DECREES ST. PATRICK WAS A SCOTCHMAN

Worcester, Mass., School Board Settles Controversy for Itself That Has Waged for Ages—Began as Text Book Fight.

Worcester, Mass., May 3.—St. Patrick's birthplace was in Scotland. The controversy of ages has been settled. The school committee of Worcester has filed its dictum. Officially adopted as text-books for the youth of the city are the books, "Famous Men of the Middle Ages," and "European Hero Stories," which as revised, locate the birthplace of Erin's greatest saint in the land of the heather.

Dr. Underwood, who started the controversy by objecting to the text book about which it waged, will not go so far as to shatter the delusions of any country that claims the nativity of Ireland's great missionary and sage. He would have the matter left happily in abeyance.

The matter came to a head last night when Charles F. Marble saw an opportunity for a two-thirds vote in favor of the books and promptly put the motion to the school committee. It was adopted.

Dr. Underwood said that the proceedings had been high-handed.

REB AND YANK WILL MEET AT BULL RUN

Consolidation Parade of Blue and Gray on Anniversary of the Battle.

Washington, May 6.—"You Yank" and "Johnny Reb" will march shoulder to shoulder on July 1 over the battlefield at Bull Run.

The occasion will be the 50th anniversary of the first Bull Run battle. Plans for the big reunion of veterans of the blue and the gray are under way, and it is expected that several hundred of each side will attend.

DELATED A YEAR.

International Opium Conference Because Data Was Not Ready.

Washington, D. C., May 6.—The international opium conference, which was to have met at The Hague on July 1, has been postponed for a year. Germany, Japan and Portugal are not prepared with data which Great Britain desired should be presented before the opening of the conference.

FREE LIST DEBATE.

Bill Is Expected to Be Passed in the House Next Week.

Washington, May 6.—Debate on the free list bill was resumed in the House of Representatives yesterday. The measure will be taken up under the five-minute rule today and will be passed Monday or Tuesday.

MAY BE MOVE FOR DELAY

Later Sessions of the Senate Meet Opposition.

HOUSE BELIEVES IT PLAN

To Force Adjournment—A Recess Until October 1 Is Proposed—Members Anxious to Avoid a Summer in Washington.

Washington, May 6.—Members of the House who do not look with favor on the decision of the Senate to meet at two o'clock instead of at twelve, and who suspect that this is but another method for delay, are making plans for adjournment. Chairman Underwood of the ways and means committee has been asked to agree to a proposition which would have Congress take a recess on July 1 and come back and resume the session on October 1. Mr. Underwood has not committed himself to this plan because he believes there is a chance that tariff legislation will be in such shape on July 1 that it will be possible to adjourn without date. If, however, the Senate shows a disposition to hang on indefinitely, the recess plan is certain to gain force in the House. A vast majority of the members do not look with favor on a state of affairs that would keep them in Washington through the hot months of July, August and September with absolutely nothing to do but meet twice a week only to adjourn, while the Senate talks.

MRS. DUKE DYING AN INSANE PAUPER

One Time Wife of Tobacco Man Remembers Only the Youth of Eventful Career.

Chicago, Ill., May 6.—Mrs. Alice Webb Duke, once the wife of Brodie L. Duke, the tobacco man, and six years ago mistress of a fortune of nearly \$25,000, is dying a pauper in the Illinois state hospital for the insane, at Kankakee.

Before she was 30 she had established herself as a leading oil promoter of Texas. She met Duke in November, 1905. They were married Dec. 19, 1905. Through the action of his brother, Benjamin Duke, and of Brodie L. Duke's two daughters, the bridegroom was torn from the arms of his wife on Jan. 6, 1906. She applied for a divorce with alimony, but lost the case. After that she started on an independent financial career which closed with her arrest in Chicago on the charge of passing worthless checks. She has been in the hospital since September, 1909.

FOR FREE LIST BILL.

Representative Warburton, Republican, Says He Will Support Measure.

Washington, May 6.—Representative Warburton of Washington, a newly elected Republican member of the House of Representatives, announced his intention of supporting the Democratic free list bill, in a speech in the House yesterday afternoon. He believed the bill would not do all its Democratic sponsors expected of it, but it was a step in the right direction. He urged taking the duty off sugar.

Speeches in favor of the free list bill also were delivered by Representatives McHenry of Pennsylvania, Ansberry of Ohio, Hensley of Missouri, McCoy of New Jersey, Littlepage of West Virginia, Dixon of Indiana, Bartlett of Georgia and Clark of Florida against the bill were delivered by Representatives Wilder of Massachusetts, Farr of Pennsylvania, Sloan of Nebraska and Smith of Michigan.

BARDEN BITTER.

Makes Attack on Reciprocity Measure in Canadian Parliament.

Ottawa, May 6.—A bitter attack on the Fielding-Knox reciprocity agreement was made last night by R. L. Borden, opposition leader, in the course of an address at a dinner attended by all the conservative members of parliament and the premiers of two provinces.

"The reciprocity proposals," he declared, are the most mischievous and damnable that has ever been made to Canada."

President Taft, he said, recently commented reciprocity on the ground that it would prevent the establishment of a system of preferential trade throughout the British empire. That alone, he asserted, was sufficient to condemn the whole proposition in the minds of loyal Canadians and British subjects.

FOR RELIEF OF AMERICANS.

Conditions in Mexico Described as Intolerable. Naval Forces May Be Sent.

Washington, D. C., May 6.—Increasing anxiety and approaching alarm is felt by the administration officials for the safety of Americans in Mexico, especially in the vicinity of Acapulco on the west coast. Conditions described as intolerable were reported to the state department yesterday by Ambassador Wilson, and it is probable that naval forces will be ordered to Acapulco at once.

ONE MAN KILLED

And Two Others Temporarily Overcome by Gas Fumes.

Taunton, Mass., May 6.—Manuel Gonzales was killed and two other men were temporarily overcome by cyanide potassium gas fumes while at work in the metal refining room of a local silverware factory, Thursday. All three men were seen to fall to the floor suddenly. They were taken into the open air, but Gonzales died without recovering consciousness.

The others, Manuel Cabral and Arthur Smith, suffered no serious injury. Gonzales was 25 years old and leaves a widow.

MURDER IS CHIEF CHARGE

McNamara Arraigned on 19 Indictments

IN LOS ANGELES COURT

They Are Accused of Causing Explosion That Destroyed Los Angeles Times Building and the Loss of 24 Lives.

Los Angeles, Cal., May 6.—John J. McNamara, secretary and treasurer of the International Bridge and Structural Iron Workers association and his brother, James B. McNamara, were arraigned late yesterday before Superior Judge Bordwell on 19 indictments charging murder in causing a dynamite explosion in the Los Angeles Times building, and the consequent death of 21 men.

Attorney Rappaport, for the McNamaras, asked for 30 days in which to enter pleas for the men. District Attorney Fredericks consented to a postponement till June 1, and that time was fixed by Judge Bordwell.

Orie E. McManigal, alleged to have made a confession implicating the McNamaras, was not arraigned. It is not expected that he will make any appearance in court until the trial begins.

Assistant District Attorney Ford read all the 19 indictments charging the men with the murder of employees of The Times plant. Accused with the brothers in the indictments were William Caplan, alleged to have been an abettor of James B. McNamara in the explosion, and four others, one a woman, who were masked by the names of John Doe, Richard Doe, John Stiles and Jane Doe.

SUFFRAGETTES GET BILL TO COMMONS

Measure Introduced Yesterday Would Give Ballot to 1,000,000 Women.

London, May 6.—Another woman's enfranchisement bill was introduced in the House of Commons yesterday by Sir George Kemp, Liberal member for the northwest division of Manchester. The measure confers the right to vote upon every woman possessed of the household qualification, but it is provided that married women shall not be permitted to vote in the same constituency with their husbands. It is calculated that such legislation would enfranchise 1,000,000 women.

Simultaneously with the introduction of the bill a petition bearing 33,000 signatures, of which 31,000 are those of women, and opposing female suffrage, was laid on the table of the house.

The "household qualification" has to do with the required occupancy as owner or tenant of a house or a part of a house in which the landlord or superior tenant does not reside.

EFFORTS FOR PEACE.

National Congress Praises Work of Taft Administration.

Baltimore, Md., May 6.—Resolutions crystallizing the sentiments which have inspired the sessions of the third peace Congress and marking the development of the peace movement throughout the country were adopted by the delegates to the Congress yesterday.

They contain a hearty endorsement of the federal administration for its efforts in behalf of world wide peace, through the treaty of arbitration with Great Britain, and for the establishment of the international prize court and of the international court of arbitral justice.

FIRE IN MINE COSTS LIVES OF SEVEN MEN

One Hundred Workers Cut Off When the Timbering Was Ignited.

Negaunee, Mich., May 6.—Nearly a score out of a hundred miners in the Hartford mine of the Republic Iron & Steel company were cut off from escape when the timbering of the mine took fire early yesterday and at least seven men are dead.

The bodies of Edward Barska, Nebor Dower, Harry Wharry, and John Tablyn were recovered by rescue parties and Richard Yelland, his son, William, and August Frederickson are still in the mine. No hopes are entertained that they are alive.

All the men were smothered by the smoke and gas from the fire. The fire broke out about 400 feet underground and last night seemed to have forced its way into the Cambria mine, which adjoins. The loss will be heavy.
